Accuracy information in IENCs

Inland ENC
Harmonization Group

Inland ENC
Harmonization Group

Considerations

- Up-to-date depth data for - part of - secondary fairways
    - wish to spread traffic, however
    - how to distinguish frequency of surveying

Inland ENC
Harmonization Group

Discussion

- Change symbol based on age
  - Age parameter would be location specific
  - Circle or ellips (navy)?
  - Gray out
  - dashed lines ---- - - - .. ..
  - Thicker lines
